168. Create a stress-relief coloring book.
169. Start a support group for teens.
170. Create a positive affirmation campaign.
171. Start a club teaching emotional intelligence.
172. Create a mental health awareness week.
173. Start a program teaching coping skills.
174. Create a gratitude journal project.
175. Start a club exploring different therapies.
176. Create a self-care workshop series.
177. Start a program teaching conflict resolution.
178. Create a mental health resource guide.
179. Start a club studying body language.
180. Create a program teaching anger management.

Fashion and Design:

181. Create a fashion show using recycled materials.
182. Start a club designing costumes for plays.
183. Create a line of adaptive clothing.
184. Start a program teaching basic sewing.
185. Create uniforms for school sports teams.
186. Start a fashion blog featuring student styles.
187. Create a line of accessories from scraps.
188. Start a program teaching textile design.
189. Create a fashion lookbook for each season.
190. Start a club exploring cultural fashion.
191. Create a line of eco-friendly backpacks.
192. Start a program teaching fashion illustration.
193. Create a clothing swap event at school.
194. Start a club designing wearable technology.
195. Create a line of customisable shoes.

Passion Project Ideas for Middle School:

1. Create a time capsule about current life.
2. Design a board game about local history.
3. Start a school newspaper run by students.
4. Make a documentary about your favorite teachers.
5. Create a recipe book for lunchbox favourites.
6. Design a mini-golf course for math class.
7. Start a kindness challenge for classmates.
8. Create a comic strip about school life.
9. Design and build cardboard arcade games.
10. Start a book review blog for kids.

Passion Project Ideas for College Students:

11. Create a podcast about college life hacks.
12. Design an app for campus event planning.
13. Start a clothing swap program on campus.
14. Create a student-run food truck business.
15. Design a campus-wide scavenger hunt game.
16. Start a peer mentorship program for freshmen.
17. Create a series of TED-style talks.
18. Design a sustainable dorm room challenge.
19. Start a campus-wide recycling competition.
20. Create a virtual reality tour for prospective students.

Passion Project Ideas for Kids:

21. Build a backyard weather station.
22. Create a neighbourhood treasure hunt game.
23. Start a kids' cooking show on YouTube.
24. Design and build a cardboard city.
25. Create a picture book about local animals.
26. Start a rock painting kindness project.
27. Build a simple robot from household items.
28. Create a nature journal with pressed flowers.
29. Start a kids' gardening club.
30. Design a series of easy science experiments.

Passion Project Ideas for 6th Graders:

31. Create a digital time capsule about 2024.
32. Start a school recycling awareness campaign.
33. Design a mini-golf course using math concepts.
34. Create a podcast interviewing local heroes.
35. Start a lunchtime book club for classmates.
36. Design and build simple machines.
37. Create a photo essay about your town.

38. Start a letter-writing club for seniors.
39. Design board games teaching history facts.
40. Create a school spirit video montage.

Passion Project Ideas for Adults:

41. Start a neighbourhood tool lending library.
42. Create a podcast about local history.
43. Design a community fitness challenge program.
44. Start a supper club exploring world cuisines.
45. Create a series of how-to videos.
46. Start a book club for classic literature.
47. Design and build furniture from pallets.
48. Create a community art installation project.
49. Start a personal finance workshop series.
50. Create a neighbourhood emergency preparedness plan.

Passion Project Ideas for High School Medical:

51. Create a first aid training program.
52. Start a club exploring medical careers.
53. Design an app for tracking health goals.
54. Create a series about medical innovations.
55. Start a program teaching CPR to students.
56. Design posters about teen health issues.
57. Create a documentary on local healthcare.
58. Start a club studying rare diseases.
59. Design a health fair for the community.
60. Create a guide to healthy eating habits.
