33. Design atom models using bottle caps
34. Create atom-themed trivia games
35. Build atom models from pom-poms
36. Design atom-themed bingo cards
37. Create atom models using pool noodles
38. Make atom-themed coloring pages

39. Design atom models from paper mache
40. Create atom-themed charade games
41. Build atom models using toothpicks
42. Design atom-themed mad libs
43. Create atom models from popsicle sticks

Atom Project Ideas for 8th Grade:

44. Make atom-themed word scrambles
45. Design atom models using clothespins
46. Create atom-themed sudoku puzzles
47. Build atom models from straws
48. Design atom-themed maze puzzles
49. Create atom models using rubber bands
50. Make atom-themed connect-the-dots puzzles
51. Design atom models from paper clips
52. Create atom-themed word ladder puzzles
53. Build atom models using pasta
54. Design atom-themed logic puzzles
55. Create atom models from buttons
56. Make atom-themed acrostic poems
57. Design atom models using magnets
58. Create atom-themed fill-in-the-blank stories
59. Build atom models from clothespins
60. Design atom-themed word search puzzles
61. Create atom models using pipe cleaners
62. Make atom-themed hangman games
63. Design atom models from foam sheets
64. Create atom-themed memory games

Atom Project Ideas for 9th Grade:

65. Build atom models using cotton balls
66. Design atom-themed jigsaw puzzles
67. Create atom models from paper towel rolls
68. Make atom-themed word wheels
69. Design atom models using felt
70. Create atom-themed math problems
71. Build atom models from egg cartons
72. Design atom-themed word association games
73. Create atom models using plastic spoons
74. Make atom-themed alphabet books
75. Design atom models from tin foil
76. Create atom-themed tongue twisters
77. Build atom models using pompoms
78. Design atom-themed riddles
79. Create atom models from paper cups
80. Make atom-themed palindromes

81. Design atom models using coffee filters
82. Create atom-themed silly sentences
83. Build atom models from bottle caps
84. Design atom-themed anagrams
85. Create atom models using Q-tips
86. Make atom-themed haiku poems

Atom Project Ideas for 10th Grade:

87. Design atom models from paper plates
88. Create atom-themed tongue twisters
89. Build atom models using paper clips
90. Design atom-themed word ladders
91. Create atom models from paper straws
92. Make atom-themed cinquain poems
93. Design atom models using clothespins
94. Create atom-themed alliteration sentences
95. Build atom models from foam balls
96. Design atom-themed synonym games
97. Create atom models using rubber bands
98. Make atom-themed diamante poems
99. Design atom models from pipe cleaners
100. Create atom-themed homophone puzzles
101. Build atom models using playdough
102. Design atom-themed word association games
103. Create atom models from paper clips
104. Make atom-themed limerick poems
105. Design atom models using popsicle sticks
106. Create atom-themed metaphor examples

Atom Project Ideas for 11th Grade:

107. Design atom-themed simile examples
108. Create atom models using toothpicks
109. Make atom-themed personification examples
110. Design atom models from egg cartons
111. Create atom-themed onomatopoeia examples
112. Build atom models using marshmallows
113. Design atom-themed hyperbole examples
114. Create atom models from paper plates
115. Make atom-themed idiom examples
116. Design atom models using pipe cleaners
117. Create atom-themed oxymoron examples
118. Build atom models from paper cups
119. Design atom-themed pun examples
120. Create atom models using straws
121. Make atom-themed allusion examples
122. Design atom models from tin foil

123. Create atom-themed imagery examples
124. Build atom models using cotton balls
125. Design atom-themed symbolism examples
126. Create atom models from paper clips
127. Make atom-themed foreshadowing examples

Atom Project Ideas for 12th Grade:

128. Design atom models using foam sheets
129. Create atom-themed flashback examples
130. Build atom models from bottle caps
131. Design atom-themed irony examples
132. Create atom models using Q-tips
133. Make atom-themed satire examples
134. Design atom models from paper towel rolls
135. Create atom-themed allegory examples
136. Build atom models using pompoms
137. Design atom-themed paradox examples
138. Create atom models from plastic spoons
139. Make atom-themed understatement examples
140. Design atom models using coffee filters
141. Create atom-themed euphemism examples
142. Build atom models from paper straws
143. Design atom-themed synecdoche examples
144. Create atom models using rubber bands
145. Make atom-themed metonymy examples
146. Design atom models from pipe cleaners
147. Create atom-themed assonance examples
148. Build atom models using playdough
