107. Sports League Management with Teams
108. Club Management with Membership Tracking
109. Local Marketplace with Community Currency
110. Neighborhood Watch with Alerts
111. Community Garden with Plot Management
112. Service Exchange with Time Banking
113. Recycling Platform with Rewards
114. Volunteering Platform with Hour Tracking
115. Discussion Forum with Moderation Tools
116. Event Discovery with Ticket Management
117. Skill Sharing with Booking Features
118. Social Group Activity Planning
119. Emergency Response with Resource Coordination
120. Local Support Network with Service Requests

Entertainment and Media

121. Podcast Platform with Analytics
122. Movie Review Management with Ratings
123. Comic Creation Platform with Chapter Management
124. Music Playlist Maker with Mood Detection
125. Game Tournament with Leaderboards
126. Video Content with Monetization Tools
127. Live Streaming with Chat Integration
128. Digital Magazine with Subscription Management
129. Event Ticketing with Seat Selection
130. Artist Portfolio with Booking Management
131. Virtual Concert with Ticket Checks
132. Animation Project Collaboration Tools
133. Media Library with Streaming Features
134. Radio Management with Schedule Planning
135. Movie Suggestions with Preference Learning
136. Virtual Art Gallery with Exhibitions
137. Fan Club with Event Features
138. Music Studio Booking with Equipment Management
139. Digital Asset Management with License Tracking
140. Entertainment Venue with Booking Features

Sports and Fitness

141. Team Management with Player Stats
142. Fitness Challenge Platform with Tracking
143. Sports Equipment Rental with Maintenance
144. Gym Management with Membership Planning
145. Event Scheduling with Venue Booking
146. Fitness Class Booking with Attendance
147. League Management with Tournament Planning
148. Personal Training with Exercise Library
149. Facility Booking with Equipment Reservation
150. Fitness Tracker with Nutrition Management
151. Tournament Bracket with Scoring
152. Athletic Analysis with Video Integration
153. Club Management with Member Communication
154. Fitness Goal Setting with Achievement Tracking
155. Referee Assignment with Schedule Management
156. Workout Plan Maker with Customization
157. Team Communication with Strategy Planning
158. Competition Platform with Leaderboards
159. Training Program with Progress Assessment
160. Event Management with Registration

Technology and Innovation

161. IoT Device Management with Real-time Monitoring

162. Code Repository with Version Control
163. API Platform with Documentation Tools
164. Machine Learning Model Deployment Monitoring
165. Blockchain Asset Tracking with Smart Contracts
166. Cloud Resource Management with Cost Saving
167. VR Content Management with Analytics
168. Testing Platform with Report Generation
169. DevOps Pipeline with Deployment Tracking
170. Data Visualization with Real-time Updates
171. Cybersecurity Audit with Compliance Tools
172. Edge Computing with Device Management
173. AI Training Data Management Platform
174. Network Monitoring with Alerts
175. Quantum Computing Resource Scheduling
176. Robotics Process Automation Management
177. Digital Twin with Simulation Management
178. AR Content Creation with Analytics
179. Tech Asset Management with Lifecycle Tracking
180. Innovation Project with Collaboration Tools
