100 Things Project Ideas for Kindergarten 2025-26

JANUARY 27, 2025 | JOHN DEAR

The “100 Things Project” is a fun and creative way for kindergarten students to celebrate milestones, particularly the 100th day of school.

These projects allow children to explore numbers, patterns, and creativity while enhancing fine motor skills and critical thinking.

They also provide a sense of achievement and pride, making learning memorable and exciting.

How to Make 100 Things Project Ideas for Kindergarten

Creating a 100 Things Project can be simple and fun! Follow these steps:

1. **Choose a Theme:** Pick a subject your child loves, such as animals, shapes, or colors.

2. **Gather Materials:** Collect 100 small items like beads, buttons, or stickers.
3. **Plan the Layout:** Decide how to arrange the items (e.g., in rows, shapes, or patterns).
4. **Create the Project:** Use glue, paper, or boards to assemble the items creatively.
5. **Add a Title:** Label the project with “100 Things” to highlight the milestone.

Tips for Choosing the Best Project

- **Keep It Simple:** Avoid overly complicated designs to keep it fun and stress-free.
- **Use Readily Available Materials:** Pick items you already have at home or in class.
- **Incorporate Learning:** Choose themes that reinforce what the child is learning (e.g., letters, numbers).
- **Make It Fun:** Let the child’s interests guide the project.
- **Involve the Child:** Encourage active participation to boost engagement.

100 Things Project Ideas for Kindergarten 2025-26

Here are some exciting project ideas:

Arts and Crafts Projects

1. Paper Plate Animals

Create animals using paper plates, markers, and **googly eyes**. Let kids pick their favorite animal!

2. Handprint Art

Use paint to make handprint flowers, trees, or animals on paper.

3. Popsicle Stick Houses

Build miniature houses with popsicle sticks and glue.

4. Tissue Paper Collages

Rip tissue paper into small pieces and glue them to create colorful patterns.

5. Fingerprint Painting

Make trees, balloons, or insects using fingerprints and paint.

6. **Foam Shape Mosaics**

Arrange foam shapes into a picture or pattern.

7. **Paper Bag Puppets**

Decorate paper bags to make fun puppets for storytelling.

8. **Button Art**

Glue buttons onto paper to form rainbows, flowers, or hearts.

9. **Nature Collage**

Collect leaves, twigs, and flowers to create a natural collage.

10. **Pipe Cleaner Creatures**

Twist pipe cleaners into fun animal shapes.

11. **Paper Chain Garlands**

Make colorful paper chains to decorate the classroom.

12. **Egg Carton Caterpillars**

Turn egg cartons into adorable caterpillars with paint and googly eyes.

13. **Yarn Weaving**

Weave yarn through cardboard or paper plates for a creative design.

14. **Sponge Painting**

Cut sponges into shapes and use them for painting.

15. **Mask Making**

Design masks with paper, markers, and glitter.

16. **Paper Cup Flowers**

Use paper cups, pipe cleaners, and paint to create flowers.

17. **Salt Dough Ornaments**

Shape salt dough into designs and paint them once dry.

18. **Bottle Cap Art**

Glue bottle caps onto paper to make colorful designs.

19. **Foil Sculptures**

Use aluminum foil to shape animals or objects.

20. **Watercolor Resist Art**

Draw with crayons and paint over with watercolors for a magical effect.

Science and Nature Projects

21. **Leaf Rubbings**

Place leaves under paper and rub crayons over them to reveal patterns.

22. Mini Volcanoes

Use baking soda and vinegar to create a fizzy eruption.

23. Rain in a Jar

Show how rain forms using shaving cream and food coloring in water.

24. Seed Planting

Plant seeds in small pots and observe them grow.

25. Rainbow Experiment

Use water and sunlight to create rainbows with a prism or CD.

26. Bug Hunt

Explore the garden and identify insects with a magnifying glass.

27. Rock Painting

Paint rocks to resemble animals, shapes, or patterns.

28. Sun Prints

Use construction paper and objects to create sun-bleached designs.

29. Floating and Sinking

Test which objects float or sink in water.

30. Ice Cube Painting

Paint with colored ice cubes on paper for a fun sensory activity.

31. Magnet Fun

Explore which items stick to magnets and which don't.

32. Bird Feeders

Make bird feeders using pinecones, peanut butter, and seeds.

33. Shadow Tracing

Trace shadows outside with chalk.

34. Butterfly Lifecycle

Learn the butterfly lifecycle with crafts and visuals.

35. Cloud in a Jar

Show condensation by making a cloud in a jar with hot water and ice.

36. Nature Walk Journal

Collect items on a walk and glue them into a journal.

37. Build a Nest

Create a bird's nest using twigs and natural materials.

38. Color Mixing

Experiment with mixing paint to make new colors.

39. Grow a Sweet Potato Vine

Put a sweet potato in water and watch it grow roots and vines.

40. **Sand Art**

Layer colored sand in jars to create designs.

Math and Counting Projects

41. **Number Collage**

Make a collage of a specific number using that many objects.

42. **Counting Beads**

String beads on a pipe cleaner to practice counting.

43. **Shape Sorting**

Sort objects by shape into labeled containers.

44. **Lego Patterns**

Build patterns using different colored Lego blocks.

45. **Measuring Fun**

Measure items around the classroom using rulers or string.

46. **Graphing with Stickers**

Make a graph using stickers to count favorite colors or animals.

47. **Domino Counting**

Count the dots on dominoes and match them to numbers.

48. **Shape Tracing**

Trace shapes and identify their names.

49. **Button Counting**

Sort buttons by size or color and count them.

50. **Cup Stack Numbers**

Stack cups in numerical order.

51. **Pattern Bracelets**

Make bracelets with beads in a repeating pattern.

52. **Shape Stamping**

Use shape stamps to create designs.

53. **Counting Cards**

Match numbers to the correct number of objects.

54. **Dice Rolling**

Roll dice and count the numbers for addition practice.

55. **Paper Chain Countdown**

Create a paper chain to count down to a special event.

56. Color by Number

Complete a coloring page using numbers as a guide.

57. Number Hopscotch

Play hopscotch with numbers for counting practice.

58. Sorting Coins

Sort and count coins into piles.

59. Build a Tower

Build towers with blocks and count the pieces.

60. Shape Hunt

Find shapes around the classroom or at home.

Literacy and Storytelling Projects

61. Alphabet Collage

Make a collage for each letter of the alphabet.

62. Story Stones

Paint stones with pictures to use in storytelling.

63. Name Tracing

Practice writing names using tracing sheets.

64. Rhyming Match

Match pictures of rhyming words.

65. Letter Hunt

Find letters hidden around the classroom.

66. Build a Word

Use magnetic letters to spell simple words.

67. Storybook Craft

Create a craft based on a favorite storybook.

68. Puppet Storytelling

Use puppets to act out a story.

69. Word Sorting

Sort words into categories like animals or food.

70. Letter Painting

Paint letters and identify their sounds.

71. Alphabet Puzzle

Assemble puzzles to learn the ABCs.

72. Sight Word Bingo

Play bingo using common sight words.

73. Picture Dictionary

Make a mini dictionary with pictures and words.

74. Write a Story

Help children write and illustrate a simple story.

75. Book of Favorites

Create a book of favorite things with drawings and words.

76. Letter Hop

Jump to letters called out on a floor mat.

77. Sing the ABCs

Learn the alphabet through songs.

78. Word Match Game

Match words with their pictures.

79. Draw and Describe

Draw a picture and describe it with simple sentences.

80. Story Time Hats

Make hats related to a story's theme.

Physical and Sensory Projects

81. Obstacle Course

Set up a simple obstacle course to encourage movement.

82. Bean Bag Toss

Practice aim and counting with bean bags.

83. Playdough Creations

Use playdough to create shapes or objects.

84. Balloon Volleyball

Play a safe game of volleyball with balloons.

85. Sensory Bins

Fill bins with rice, beans, or sand for tactile exploration.

86. Bubble Wrap Stomping

Stomp on bubble wrap for a fun sensory activity.

87. Texture Boards

Glue different textures onto boards for kids to feel.

88. Shaving Cream Fun

Play with shaving cream on a tray for sensory learning.

89. Scavenger Hunt

Look for items around the classroom or yard.

90. Parachute Games

Play with a parachute to build teamwork.

91. Yoga for Kids

Introduce simple yoga poses to encourage relaxation.

92. Dance Party

Have a dance session with fun music.

93. Ball Rolling

Roll balls to each other to improve coordination.

94. Balance Beam

Walk on a tape line or beam to practice balance.

95. Sandcastle Building

Use sand to build castles or other shapes.

96. Bubble Blowing

Blow and chase bubbles for outdoor fun.

97. Water Play

Use cups and containers to play with water.

98. Hula Hoop Games

Practice jumping or spinning with hula hoops.

99. Stretching Circle

Do group stretches to start the day.

100. Jump Rope Fun

Introduce simple jump rope activities.

How to Display the Projects

- Use a sturdy poster board or canvas.
- Label the project with “100 Things” to highlight the theme.
- Add captions or numbers to show progress.
- Display projects in the classroom or at home for everyone to admire.

Encouraging Parental Involvement

Parents can play a significant role by:

- Helping gather materials.
- Assisting with assembly while allowing the child to take the lead.
- Praising their child's effort to boost confidence.
