## How to Make a Commercial Idea for a School Project?

Creating a commercial idea involves several steps. Follow these simple steps to develop a great project:

## 1. Identify a Problem or Need

Think about common problems people face in daily life. Your commercial idea should provide a solution.

## 2. Brainstorm Business Ideas

List different products or services that can solve the problem. Choose an idea that is realistic and interesting.

## 3. Define Your Target Audience

Decide who will use your product or service. Understanding your audience helps in making better marketing strategies.

## 4. Create a Business Plan

A basic business plan includes:

- **Product/Service Description** – What is your idea about?
- **Target Market** – Who will buy it?
- **Pricing Strategy** – How much will it cost?
- **Marketing Plan** – How will you promote it?

## 5. Develop a Prototype or Sample

If possible, create a small version of your product or a demonstration video to showcase how it works.

## 6. Make an Advertisement

To make your project stand out, create an engaging commercial, poster, or social media ad that promotes your idea.
